FAQ

How do I enroll in the safe haven program?

If you or a colleague needs help, contact OhioPHP. OhioPHP's clinical team will conduct a well-being screening and then will provide recommendations that may include additional evaluation for burnout, mental health or substance use disorders, individual counseling, and/or any necessary treatment. Once a qualifying condition has been identified, licensees may enroll in long-term, therapeutic monitoring through the safe haven program.

Will the Ohio Board of Psychology know about my safe haven program participation?

No - OhioPHP will not disclose to the Board the name or any records associated with a licensee enrolled in the safe haven program, as long as they are compliant with the terms of their monitoring agreement.

Is there a cost associated with the safe haven program?

OhioPHP has a sliding-scale structure for its fees. This ensures that we can continue to provide high-quality support while accommodating the diverse needs of our community. The sliding scale is designed to make our services accessible to all, regardless of financial circumstances. For more information, visit ohiophp.org/fees

Why should I contact OhioPHP?

OhioPHP provides a confidential, therapeutic alternative to regulatory board awareness. The Ohio Board of Psychology will not institute disciplinary action against any applicant or licensee who is engaged in services with OhioPHP for issues related to their mental health or substance use. In addition to working with safe haven participants, OhioPHP provides education, outreach, and advocacy to support healthcare professionals' health and well-being.
